HEALTH ADVISORY

Update on Travel Quarantine and Health Care Workers

The North Dakota Department of Health (NDDoH) has updated two documents for health care workers (HCW). The first document provides information on HCW travel. It clarifies that HCW returning to North Dakota are exempt from the state-wide travel related quarantine order while at work or commuting to or from work. This travel guidance document is available [here](#). The second document updates the HCW screening, furlough and working guidance based on exposures or travel. The HCW screening form can be found [here](#).

Categories of Health Alert Network messages:

Health Alert	Requires immediate action or attention; highest level of importance
Health Advisory	May not require immediate action; provides important information for a specific incident or situation
Health Update	Unlikely to require immediate action; provides updated information regarding an incident or situation
HAN Info Service	Does not require immediate action; provides general public health information
